Very Unusual

It is very unusual for a regular physician of good reputation to publicly endorse a proprietary remedy. We have often heard of cases where doctors have secretly prescribed Acker's English Remedy, but it is most gratifying to receive the following voluntary letter from C. F. Smith, M. D., the most successful physician of Olean, N. Y.:

"Mesars. W. H. Hooker & Co., New York City: I wish to add my professional testimony to the value of your English preparation known as Acker's English Remedy for Asthma, etc. In several instances, after I have tried my utmost to give even relief, I have prescribed your remedy, and it has acted almost like a miracle, not only relieving, but permaneutly and it has acted almost like a miracle, not only relieving, but permanently curing every one of the patients. I en-dorse the preparation as one of the most valuable additions to the prac-tics of medicine."

Such a frank endorsement as the above is phenomenal. Coming from so distinguished a member of the medical profession, it carries with it an assurance which the public will be sure to avail themselves of. It is rec-

sure to avail themselves of. It is recommendations like this which make it possible to give the broad guarantee that is a part of every sale of Acker's English Remedy for Coughs, Colds, Asthma, Bronchitis and Consumption. It must either de all that is elaimed for it, or your money will be refunded. Do you know of any other medicine sold on those terms? Do you know of any other medicines which prominent doctors regularly prescribe in their own practice as being better than prescriptions they write themselves? These facts are well worth considering. They are of especial interest to those with sore throats and weak lungs. They are of especial interest to those with sore throats and weak lungs.

Sold at sec, you and \$1 a bottle, throughout the United State: and Canada; and in England, at m ed., ed. gd., at 65. If you are not antianed after buying, return the bettle to your druggist, and get your money back.

We authorize the course guarantee. W. H. HOOKER & CO., Propentors, New York, For Sale by J. H. O'Rielly & Co.
